Objective

Freelance work on websites that use my web development skills as well as my communications skills, and to work with non-profit organizations whenever possible.

Work Experience

Freelance Web Developer

Clients: Alder Consulting, Beaconfire Consulting, BayRail Alliance, YMCA of Key West, et al.
Mostly New York, NY
April - July 2001, July 2004 - present

- Create full database-driven websites, primarily using PHP, MySQL, XHTML, DHTML, JavaScript and CSS
- Specialize in creating and customizing Drupal-based sites
- Work with teams of designers and other programmers to create larger-scale websites
- Help companies straighten out CSS and (X)HTML problems with their websites

Assistant Language Teacher

Interac, Ltd.
Tokyo, Japan
September 2002 - April 2004

- Created and presented lessons, with Japanese teachers, to junior-high and elementary school classes of about 40 students
- Developed classroom materials: exercises, pictures, audio, video, etc.
- Improved Japanese skills

Foreign English Teacher

Aeon East Japan
Tokyo, Japan
July 2001 - July 2002

- Developed good relationships with students and staff
- Taught students of all abilities
- Created new teaching materials daily

Senior Web Developer

Concrete Incorporated (web-building consultant)
New York, NY
December 1999 - April 2001

- Wrote primarily front-end code for the sites of Concrete's clients
- Acquired skill and did client work in JSP and PHP
- Managed the web development team on three projects
- Developed a reusable JavaScript library to be used on current and future projects

Web Administrator

JL Kellogg Graduate School of Business, Northwestern University

Evanston, IL

September 1995 - August 1997

- Served as primary contact to school administration for all website issues
- Created web applications using Perl, ASP, MS Access, SQL
- Ran web-building classes and tutoring sessions for faculty, staff and student groups

Past Projects

Available at <http://www.tokyoben.net/work/projects.php>.

Volunteer Work

Senior Technical Administrator

Florida Victory '04 (John Kerry presidential campaign)

Broward County, FL

October 1, 2004 - November 2, 2004

- Provided technical support for an office of approx. 30 people
- Managed a small tech-support team
- Analyzed campaign data with SQL Server, MS Access and MS Excel

Computer Skills

- PHP
- Drupal
- Javascript
- CSS
- XHTML/HTML
- DHTML
- MySQL
- Adobe Photoshop/Imageready
- XML

Education

Graduated from Northwestern University, June 1999

- B.A. in 20th-Century Literature
- 3.5 GPA
